TOWN WARRANT FOR 1953

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of North Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the New School Building in said North Hampton on Tuesday, the Tenth day of March, next, at one of the clock in the afternoon. Business meeting at 7:00 P. M. Polls not to close before 7:30 P. M., to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
- 3 To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.
4. To see what action the town will take regarding allowing five per cent discount on taxes paid before a date which the Selectmen shall designate.
5. To see if the town will vote to appoint a committee of five, including the Chairman of the Selectmen, to remodel and renovate the town hall and/or fire station including the installation of a central heating plant if found advisable, and to use Capital Reserve Fund No. 1 for said purpose, and to give said committee full authority to make all necessary contracts and to do all necessary acts for said purpose. (By petition)
6. To see if the town will vote to authorize the use

of all or part of the balance of the principal and accumulated interest of Capital Reserve Fund No. 2,—as appropriated in 1945 and 1946 for the construction and acquisition of a water works system, and as partially used in 1950, pursuant to votes at the annual town meeting of 1949, for financing part of the cost of construction of the water main along Pine Road providing a supply of water to the new school building on Atlantic Avenue and for the five fire hydrants installed on said main on Pine Road and Atlantic Ave.—for the further purpose of financing part of the cost of the construction of an extension of said water main westerly from said school building along Atlantic Avenue to provide a supply of water to the town hall, town fire station, and town library, and for hydrants to provide fire protection to said town buildings and other buildings on Atlantic Avenue up to and as far beyond said town buildings as available funds will permit; and to empower the water committee (as appointed in 1949), including the Selectmen, to negotiate and make all necessary contracts with the Hampton Water Works Company, Public Utilities Commission, and other for aforesaid purpose, and to the extent of said Capital Reserve Fund; and to authorize the Trustees of Trust Funds to make payments from said Fund pursuant to any contract so made by said committee; provided, however, that the use of such fund for extension shall be lawful and in conformity with the opinion of the Supreme Court of this State in its decision in the petition for declaratory judgment by the Trustees of Trust Funds now pending before it in relation to the foregoing matter. (By petition)

7. To see if the Town will vote to appropriate fifty per cent of its unincumbered and unexpended surplus to help secure the further extension of the Hampton Water Works main along Atlantic Avenue, as far as

the funds will permit, for fire protection purposes and for the installation of fire hydrants thereon not over 1000 feet apart as determined by the water committee, and to give the water committee full authority to make all necessary contracts for said purpose—provided, that this section shall appear legal in the light of the decision of the Supreme Court in respect to the pending petition of the Trustees of Trust Funds in reference to the extension of said main. (By petition.)

8. To see if the town will vote to install, for fire protection purposes, one fire hydrant near the town hall, fire station and library, and not over two other fire hydrants, at the discretion of the Selectmen and Fire Chief, at least 500 feet apart, on such extension as shall be constructed of the Hampton Water Works Company's main westerly on Atlantic Avenue from the new school building; and to appropriate the necessary funds for same. (By petition.)

9. To see if the town will vote to allow the collector of taxes additional compensation for his services in collecting the state head tax and to fix the amount thereof.

10. To see if the town will vote to install two street lights on Chapel Road, one in front of the residence of Mr. James A. Eastman, the other in front of the residence of Mr. Arthur W. Brown. (By petition.)

11. To see if the town will vote to install a street light on Lafayette Road in front of Slumber Manor. (By petition.)

12. To see if the town will vote to install a street light near the residence of Mr. and Mrs. W. H. Starbird, on Woodland Road. (By petition.)

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 16th day of February, in the year of our Lord nineteen hundred and Fifty-three.

BEANO QUESTION

Yes	93	No	126
-----------	----	----------	-----

Article 2. James F. Leavitt moved, and it was so voted, that this Article be passed over until all other Articles were acted upon.

Article 3. William P. Fowler moved that this Article be accepted. It was a vote.

Article 4. Raymond O. Hobbs moved that this Article be passed and accepted, as read. It was a vote.

Article 5. William P. Fowler reported that the Capital Reserve Fund No. 1 consisted of a principal of \$8,000 and an accumulated income of \$979.25, making a total of \$8979.25 available in the fund.

Harrison Dalton suggested that Capital Reserve Fund No. 1 be held in order to build one new building to include both the Town Hall and the Fire Department. As there was no further discussion on the matter, Mr. Dalton moved that the Article be laid on the table for another year. It was so voted.

Article 6. William P. Fowler reported that Capital Reserve Fund No. 2 consisted of a principal of \$5411.70 plus interest of \$154.90, making a total of \$5566.60. Mr. Fowler went on further to explain that the Trustees of Trust Funds are awaiting a decision from the Supreme Court in connection with the legality of extending the water mains which is scheduled to be heard during the April, 1953 session of the Supreme Court and he believed that the article should be voted on at this meeting even though the decision of the Supreme Court was still pending so that after receiving a possible favorable decision from the Court, there would be no further delay in the matter.

Mr. Fowler moved that this article be adopted as read and that it be voted on by a yes and no ballot. The motion was seconded.

A discussion period followed:

Harrison Dalton suggested waiting until a final decision was received from the Court before voting on the article.

Robert Cutts suggested forming a Water District and having a Precinct Tax within the Water District.

Herbert Georges suggested that the Town extend the mains as far as the Capital Reserve Fund would allow and then have the Selectmen appoint a committee to set up a water district. Mr. Georges said he felt it was important to get water to the town buildings.

As the motion to adopt this Article as read and that it be voted on by ballot was seconded, the Moderator, Wilbur S. Drew, appointed Raymond O. Hobbs and George C. Carter as tellers and declared the ballot open at 7:28 p.m. After everyone present had been given the opportunity to cast his vote, the ballot was closed at 7:33 p.m. The moderator read the results: Total Votes

cast 115. Yes 78. No 37. (76 necessary for a 2/3 majority) It was voted to adopt Article 6 as read.

Article 7. The moderator, Wilbur S. Drew, read a letter from the State Tax Commissioner addressed to the Selectmen stating that the amount of the Town's unincumbered and unexpended surplus was \$3282.71. The moderator also read a contradictory second letter of a later date from the Secretary of the Tax Commission addressed to the Selectmen stating that the amount of the Town's unincumbered and unexpended surplus was \$2605.38.

William P. Fowler made the motion that the Town appropriate the sum of \$1300, which was slightly half of the surplus, to help secure the further extension of the Hampton Water Works main along Atlantic Avenue, as far as the funds will permit, for fire protection purposes and for the installation of fire hydrants thereon not over 1000 feet apart as determined by the water committee, and give the water committee full authority to make all necessary contracts for said purpose—provided, that this section shall appear legal in the light of the decision of the Supreme Court in respect to the pending petition of the Trustees of Trust Funds in reference to the extension of said main, this amount to be transferred to the Capital Reserve Fund for such purpose. The motion was seconded.

A discussion period followed:

Philip T. Boothby, a member of the Water Committee, made the statement that the Town should decide if it was going to form a Water District before spending any more money on extending the water mains. He further stated that even if the Town voted to put in more mains, the Hampton Water Works could not be forced to supply water to these mains.

Robert Cutts asked Mr. Boothby if the Water Com-

mittee had looked into the feasibility of establishing a Water District.

Mr. Boothby stated that the Committee had been appointed to spend money and that the Committee had not looked into the feasibility of forming a Water District.

John White gave his personal estimated report of the large expense that would be involved in extending the water mains.

As the motion was made and seconded that the Town appropriate the sum of \$1300 which was slightly half of the surplus, to help secure the further extension of the Hampton Water Works main along Atlantic Avenue, as far as the funds will permit, for fire protection purposes and for the installation of fire hydrants thereon not over 1000 feet apart as determined by the water committee, and to give the water committee full authority to make all necessary contracts for said purpose—provided, that this section shall appear legal in the light of the decision of the Supreme Court in respect to the pending petition of the Trustees of Trust Funds in reference to the extension of said main, this amount to be transferred to the Capital Reserve Fund for such purpose, Robert Cutts made the motion that it be voted on by yes and no ballot, and the motion was seconded.

The moderator, Wilbur S. Drew, appointed the same tellers as for Article 6, i.e. Raymond O. Hobbs and George C. Carter, and declared the ballot open at 7:55 p.m. After everyone present had been given the opportunity to cast his vote, the ballot was closed at 8:01 p.m. The moderator read the results: Total Votes cast 95. Yes 65. No 30. (63 necessary for a 2/3 majority) It was voted to adopt the Article in accordance with Mr. Fowler's motion.

Article 8. William P. Fowler moved that the article be adopted as read. It was so voted.

Article 9. As the state had already made the provision to pay a 3% fee to the Collector of Taxes for his compensation in collecting the state head tax, George C. Carter made the motion that the article be indefinitely postponed, and it was so voted.

Article 10. Mr. James Eastman moved that the article be adopted as read. It was so voted.

Article 11. Harrison Dalton moved that the article be adopted as read. It was so voted.

Article 12. George C. Carter moved that the article be accepted as read. It was a vote.

Article 13. Raymond O. Hobbs announced that the revised Town map as of March 3, 1953, is now in the hands of the printer and should be available for distribution within the next two weeks. The map will be available, free of charge, to all property owners and on sale at \$1 per copy to all others.

Mr. Hobbs also suggested that any income from the sale of these Town maps during the coming year be added to the appropriation of \$400 set forth in the 1953 Town Budget. Mr. Fowler stated that he believed this would not be legal as it did not appear in the warrant.

Article 2. The moderator gave the figure of \$49,372.69 for the Town budget for 1953 as approved by the Budget Committee.

James F. Leavitt asked if the \$3500 appropriated for Street Lighting was sufficient to cover Articles 10, 11, and 12 which were adopted.

Forrest E. Knowles stated that he believed the \$3500 would cover it if the cost had not gone up.

James F. Leavitt moved that \$49,372.69 be appropriated for the expenses of the Town for the ensuing year. It was a vote.

Herbert Georges made the motion that the Polls be closed and that the meeting be adjourned. It was so voted.

The meeting adjourned at 8:20 P. M.

Respectfully submitted,

MARION L. CARTER,

Town Clerk.

1953 WARRANT FOR SCHOOL DISTRICT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of North Hampton, in the County of Rockingham, and State of New Hampshire qualified to vote upon District affairs:

You are hereby notified to meet at the North Hampton Elementary School auditorium on Atlantic Avenue in said district on Friday, the thirteenth day of March, 1953, at four o'clock in the afternoon, and to cast ballots from that hour until at least nine o'clock in the evening of said day for candidates for the following district officers:

1. Moderator for the coming year.
2. Clerk for the ensuing year.
3. A member of the School Board for the ensuing three years.
4. A treasurer for the ensuing year.

And you are also notified to meet at the same place at 7:30 o'clock in the evening to act on the following subjects:

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensations of any other officers or agents of the district.
6. To hear reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
8. To see if the School District will vote to authorize the School Board, if the said School Board deems it

advisable, to make application for and to receive in the name of the School District of the Town of North Hampton, such advances, grants-in-aid, or other funds for educational purposes, as may now or hereafter be forthcoming from the Federal Works Agency or from any other agency of the United States Government or of the State of New Hampshire, and especially in connection with Public Law 874 81st Congress second session approved Sept. 30, 1950 and Title 11 Public Law 815, 81st Congress second session approved Sept. 23, 1950 as amended or any other act of Congress applicable thereto and to execute for and in behalf of the School District of the Town of North Hampton such applications, agreements, contracts, or other instruments as may be necessary.

District is regarding the sending of the pupils of the 7th and 8th grades to Hampton.

10. To see if the District will vote to raise and appropriate the sum of thirty-five hundred dollars (\$3500.00) for heating, lighting, and constructing a new class room in the basement of the North Hampton Elementary School.

11. To vote to see if the District will empower the Moderator to appoint a committee of seven, three of whom shall be the School Board, to study plans for the erection of an addition to the North Hampton Elementary School, to provide for further expansion, and to raise and appropriate twelve hundred dollars (\$1,200.00) and to authorize the committee to hire an architect to prepare a set of preliminary plans, and to report at the next annual meeting.

12. To vote to see if the District will rescind the vote on Article 12 of the Warrant of the meeting held March 14th, 1952.

13. If Article 12 of this present Warrant is passed

in the affirmative, to vote to see if the District will empower the School Board to sell the lot of land containing .925 acres referred to in Article 12 of Warrant of the meeting held March 14th, 1952.

14. To see what sums of money the District will raise and appropriate for the support of schools, for the salaries of School District officials and agents, and for the payment of Statutory obligation of the District, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income: the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation which balance is to be raised by taxes by the town.

15. To transact any further business that may legally come before said meeting.

Given unto our hands and seals at said North Hampton, New Hampshire, this 19th day of February, 1953.

**PROPOSED ADDITION
TO GRADE SCHOOL BUILDING
NORTH HAMPTON**

Tracy and Hildreth, Architects

REPORT OF THE COMMITTEE ON AN ADDITION TO THE NORTH HAMPTON ELEMENTARY SCHOOL

The Committee, appointed in accordance with Article 11 of the School Warrant of the Annual District Meeting, held March 13, 1953, to hire an architect to prepare preliminary plans for the erection of an addition to the North Hampton Elementary School, met first on April 8, 1953. John White was elected Chairman and Barbara Luther, Secretary.

After three architects were interviewed and members of the committee had visited a number of recently constructed schools, Mr. Stephen Tracy of the firm of Tracy and Hildreth of Nashua was selected as the architect.

Mr. Tracy presented at subsequent meetings a number of plans for an addition, taking into consideration that the addition, 1. Will work educationally, as far as light, and location is related to the present building, 2. Will be economical to construct and maintain, 3. Will be large enough so that the entire building will provide for more than the immediate need, 4. Will look well, 5. Is practical and economical for any further expansion that may be needed.

In deciding on a plan, the committee has further taken into consideration the normal growth of pupil population. In 1940, the school registration was 88 pupils, in September 1953 — 184 (176 was the expected, as of Sept. 1952 report) — to date this year 197 pupils have been registered. If the rate of increase is the same as the past five years, in 1960 the indications are there will be 285 pupils.

Considering all the above factors, we as a committee selected one of the plans presented by Mr. Tracy as a

basic plan. After a number of meetings with Mr. Tracy for discussion, comment and suggestions and a meeting of the teachers with a part of the committee and the architect, for their comments and suggestions, we, as a committee, have for presentation at the District Meeting the floor plans, a drawing of the exterior, and an estimate of the cost for this addition.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of North Hampton:

I herewith submit to you my twenty-fourth report as Superintendent of your schools.

The schools of North Hampton began the current year on Wednesday, September 9, 1953 with an initial enrollment of 185 pupils in grades one through eight. This compares with the corresponding figure of 163 the previous year and 145 for the year 1950-1951. The growth in pupil population is shown by the listed September enrollments for the past eight years.

Year	1946	1947	1948	1949	1950	1951	1952	1953
Enrollment	109	119	130	136	145	163	163	185

The constantly enlarged registration resulted in the construction of the present building. The opening of the school found 145 pupils and five teachers. As the size of the individual grades increased it become necessary to establish the policy of a single grade for each room. Since the lower grades were earliest to feel the impact, the single grades were first set up in the lower grades. As these pupils moved up in grade placement, single grades were continued for them so far as possible. We have now reached the point where grades seven and eight, heretofore combined, must be separated. Prospective enrollment in these two grades will be well above forty pupils.

There are five rooms in the building that were constructed as class rooms. With single grades, eight classrooms will be needed. By using the small room above the entrance and by partitioning off a section of the basement, we have been able to house two grades in

temporary quarters. These children should have permanent and satisfactory rooms in which to work. There is no place to satisfactorily station grade eight in the building.

A further problem is that of toilet facilities. Installations, satisfactory when our registration was lower, are now inadequate. There are no toilets on the lower floor which now houses grades one and two. This situation should be corrected as soon as possible. It would seem that the solution would be a three room addition to the building. This would take your present grades two and three out of temporary quarters and allow a room for grade eight. It would also provide for additional toilet facilities suitable to pupils of the lower grades.

The teachers of our staff are doing commendable work. Standard tests are continually used to check the progress of the pupils. These tests are employed nationwide, are made by leaders in the educational field, and are being constantly revised. They furnish the best means known for analysing the strengths and weaknesses of the pupils.

Our district has taken a definite means for increasing the efficiency of its instructional staff by establishing the position of remedial teacher. During the early school years pupils encounter difficulties which, unless remedied, will offer a handicap in later grades. Some will need help in concentrating on their work. They will need the incentive of individual attention from the teacher. Some pupils will find difficulty in one subject, while other subjects offer no obstacle. It may be that extra drill will well serve to fix certain processes in mind. Pupils absent for a time, or pupils coming from other schools will need special care in adjusting to their classes. A remedial teacher brings encouragement to a troubled pupil, allows the grade teachers to devote her time to the pupils who have had no interruption in class

progress, and clears away difficulties before they become serious. With these remedied, the pupil returns to his class and the regular class work. During the current year, forty-nine pupils have received help for a short time or longer period as seemed wise.

By enactment of the legislature of 1953 the position of Helping Teacher was established for six unions in the state. The criteria for determining the unions eligible for such assistance included such factors as: the number of school districts comprising a union, the number of teachers, number of pupils, number of schools, population trends and general educational problems of the communities served. With these criteria, Supervisory Union No. 21 was offered the services for which this law provided. The helping teacher is a full time employee serving throughout the calendar year. She will be a highly trained person serving teachers, pupils, parents and citizens of the communities. She is not a supervisor as such, but is at the service of the teachers at their request. With the large classes we now have, her help will be in increasing demand. The State Department of Education has obligated itself to pay \$2500.00 toward the salary of this teacher. The remainder of the total salary is to be apportioned among the seven towns of the Union in the same manner as other Union costs. Since the total salary voted by the Union at its regular budget meeting was \$4100.00 with the state paying \$2500.00 of this amount, and since North Hampton pays eleven and sixty-two hundredths per cent, the cost to this district will be \$185.92. This amount is included in the school budget as presented.

Prior to the acceptance of this help the board members of the seven districts held meetings with the Commissioner of Education and with a helping teacher now working in New Hampshire. At these meetings the plan of this teacher was carefully outlined and her

actual duties were explained. As a result of careful study by the board members, it was voted to adopt this means of improving the efficiency of our schools.

Federal Aid has been received in all seven districts of Union No. 21. This was made possible by amendment of the house bill 874. As originally passed, aid was given to districts educating children whose parents are employed on federal property "part or all of which is situated in such state." Since the Naval Shipyard is located in Maine, our district was not eligible for federal funds. However, the amendment allowed aid for children whose parents work on federal property and who live in reasonable commuting distance of said property. Thus our districts became eligible and received as reimbursement for the year 1952-1953 a total of \$32,172.90. North Hampton received checks totalling \$3,022.35 as reimbursement for the year.

The financial report of the district includes the financial support which North Hampton contributes toward the expenses of Supervisory Union No. 21. The items of the Union budget and North Hampton's share follow:

The Superintendent's salary was \$6,300.00 The State of New Hampshire paid \$2,275.00 of this amount. Of the remainder, North Hampton paid \$472.54. Travel allowance was \$500.00 with North Hampton paying \$58.70. Allowance for clerk hire and expense of the Union office was \$229.23.

This budget was voted at the annual meeting of the Supervisory Union which was held during the month of December.

Much credit for the success of our lunch program is due Mrs. Whenal. The meals served are adequate and attractive. The patronage of the pupils is large. It is a service requiring much planning, but it seems to me it

is well worthwhile. Hot meals certainly add much to the teachability of the child, especially in the afternoon sessions.

The North Hampton Parent-Teacher group is an ever helpful organization. The interest shown in the work of the school guarantees that the school will progress. In addition to this interest, which is all important, the organization has contributed in many ways financially. School library books were needed. The P. T. A. came to our aid. Athletics have been encouraged by the awarding of letters through the generosity of this organization. The public address system furnished by the P. T. A. will prove useful on many occasions. It is an aid to the children in their public appearances and in their own assemblies. Such an installation of modern equipment in many places. The children should know how to use such a service.

The immediate concern of the school board is the welfare of the children of the district. Under its guidance the school will keep pace with the ever increasing services of schools everywhere. For their continued advice and help I express my appreciation.

Respectfully submitted,

ROY W. GILLMORE,
Superintendent of Schools.

January 22, 1954.

I would like to take this opportunity to thank the Doctors, P.T.A. and Teachers for their assistance. This service would not have been possible without the parents and friends who have co-operated so generously with the work of the Public Health Nurse. It has been a pleasure to work with you.

Respectfully Submitted,

HAZEL W. SOMES, R. N.
